The Society for Cardiovascular Angiography and Interventions

A WORD FROM THE VEINS CHICAGO. 2012 PROGRAM DIRECTORS

Our group has undergone a major evolution over the last 7 years, moving from the arterial circulation into the venous circulation. Many cardiologists have not yet incorporated superficial or deep venous work into their interventional repertoire; but in doing so we have learned many valuable lessons. We hope to share these lessons with the general cardiology community, specifically interventional cardiologists; but also welcome other specialists, such as vascular medicine specialists, radiologists, vascular surgeons, and general surgeons.

This meeting will provide an entire comprehensive “venous” learning experience in one focused, two and a half day period. You won’t want to miss our spotlight sessions on *Women and Venous Disease*, *Venous CTO’s*, and *Everything you Wanted to Know (But Were Afraid to Ask) About IVC Filters*. In addition to didactic sessions, we will offer hands-on experiences and industry sponsored symposia, which will delve deeper into the specifics of devices and procedures. Most importantly, we want this to be a “participants’ meeting”. Therefore, faculty members will be available for discussion and interaction with attendees at our Curbside Consult station after each session. Expect compelling lectures from our renowned Keynote Speakers: Dr. Thom Rooke, Dr. Anthony Comerota, and Dr. Gary Ansel.

Together, all of these elements will merge to provide one fantastic meeting. This is the best time of year to visit the beautiful city of Chicago, and we hope that you can join us for this great opportunity.

**GREGORY J. MISHKEL, MD****RAGHU KOLLURI, MD**

JOIN US IN THE WINDY CITY!

Chicago sets the perfect backdrop not only for an innovative learning experience, but also for an enjoyable getaway; and September is the perfect time of year! We encourage you to bring your family and friends to experience this magnificent city. We have specifically crafted The VEINS Chicago.2012 event schedule to allow leisure time for attendees to enjoy local attractions, cuisine, shopping, recreation, architecture, and more.

The JW Marriott is located in Chicago's downtown loop, and serves not only as a luxury hotel, but as a city landmark. Significantly discounted room rates are available for this event, and are unsurpassed for a hotel of this stature.

ACCOMMODATIONS**Lodging:**

The VEINS Chicago.2012 is taking place at the **JW Marriott Chicago**, and a block of rooms has been arranged at a special rate of \$244.00 (Single and Double Occupancy) per night.

Visit the JW Marriott's online reservation page to book your room electronically now! <https://resweb.passkey.com/go/theveins>

OR

Make your reservations by phone, and be sure to confirm that you receive The VEINS group rate!

800-266-9432 (Toll Free) • 506-474-2009 (Local)

HOTEL ADDRESS:

JW Marriott Chicago
151 West Adams
Chicago, Illinois 60603

Travel:

You can look forward to traveling with ease upon your arrival in the Windy City, as we have established special rates and services with two custom transportation services. *Please book at least 24 hours in advance.

Go Airport Express (Shuttle & Ground Transportation): 1-888-284-3826 or www.goairportexpress.com, Group Code: VEINS

Limo Bank (Private Transportation): 1-888-546-6988, Mention DISCOUNT20 or www.limobank.com, Group Code: VEINS

Tourism:

Please visit www.theveins.org for additional detailed Tourism and Travel information, as well as arranged DISCOUNTS!

GENERAL PROGRAM INFORMATION

This event serves as the premier national venous meeting targeted at Interventional Cardiologists; marking an opportunity for comprehensive education on the treatment of patients with venous disease. We will explore the most current and future strategies for venous treatment, as well as the tools required to implement a venous program at one's own institution. This knowledge will allow learners to provide their patients with the highest standard of care and education, leading to improved health outcomes.

Several quick-paced didactic lectures will be given by a multidisciplinary group of physicians who are experienced in developing venous programs. Courses will highlight real-world experience in a "boutique setting", which allows for participant and faculty interaction on a deeper level. Furthermore, our "Curbside Consult" gives attendees the chance to meet informally with faculty in the Exhibit Hall, encouraging one-on-one discussion at an expert level.

Hands-on breakout sessions, industry symposia, and case reviews are just a few of the many additional highlights, along with internal CME provided on a nationally accredited level, and co-sponsorship by well-recognized societies. Additionally, we will work hand in hand with The JW Marriott Chicago to make certain that every aspect is as eco-friendly as possible.

EDUCATIONAL OBJECTIVES

At the conclusion of the program, participants will be able to:

1. Discuss the anatomy and pathophysiology of the venous system
2. Identify the appropriate means to implement a venous program
3. Recognize the importance of women's health in venous disease
4. Discuss all aspects of venous thrombosis
5. Identify the role of noninvasive tests in venous disease diagnosis
6. Discuss all facets of chronic venous insufficiency, including superficial and deep venous insufficiency
7. Recognize the various treatment options for chronic venous disease
8. Review the pathophysiology of wounds and appropriate treatment therapies

TARGET AUDIENCE

The VEINS Chicago.2012 will provide attendees with the tools necessary to develop and refine their own venous practice; and all will benefit from the multidisciplinary faculty.

- Cardiologists of all Specialties
- Vascular Surgeons
- Interventional Radiologists
- Internists
- Fellows in Training
- RTs, NPs, PAs, RNs and all other Ancillary Staff are also welcome to attend

PROGRAM FORMAT

A faculty comprised of nationally distinguished leaders from institutions that are well known for their expertise and experience in the treatment of venous disease will present educational content in a didactic format. Hands-on imaging and wound care sessions will enhance the learning experience; along with question and answer sessions following each lecture, and opportunities for one on one interaction with faculty. Each participant will be expected to complete a follow-up evaluation at the conclusion of the event.

BACKGROUND REQUIREMENTS

No specific background requirements are necessary to attend this meeting.

CONTINUING MEDICAL EDUCATION ACCREDITATION

This activity is being planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of Prairie Cardiovascular Consultants, Ltd. and Prairie Education & Research Cooperative. Prairie Cardiovascular Consultants, Ltd. is accredited by the ACCME to provide continuing medical education for physicians. Prairie Cardiovascular Consultants, Ltd. designates this educational activity for a maximum of 16.0 *AMA PRA Category I Credits*™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

PROGRAM EVALUATION AND CERTIFICATE OF COMPLETION

Certificates of completion will be issued post conference in electronic form to registered attendees, upon completion of program evaluations. For questions regarding continuing medical education, please contact Sadie Samson, RN, BSN at ssamson@prairieresearch.com.

FACULTY DISCLOSURE

Program faculty may have financial relationships, which may generate a perceived conflict of interest. All relationships or lack thereof will be announced at the event, as well as in writing. Any existing conflict of interest will be resolved prior to faculty presentation by the Prairie CME Planning Committee.

AMERICANS WITH DISABILITIES ACT

Prairie Cardiovascular Consultants, Ltd. and Prairie Education & Research Cooperative wish to take those steps to assure that no individual with a disability is excluded, denied services, segregated, or otherwise treated differently than other individuals because of the absence of auxiliary aides or services. If you need any of the services identified in the Americans with Disabilities Act, please contact Prairie CME at 217.492.9100.

COMMERCIAL SUPPORT

EDUCATIONAL GRANTS

This program is supported by educational grants from the following organizations.

FOUNDING LEVEL:

PREMIER LEVEL:

ELITE LEVEL:

CHOICE LEVEL:

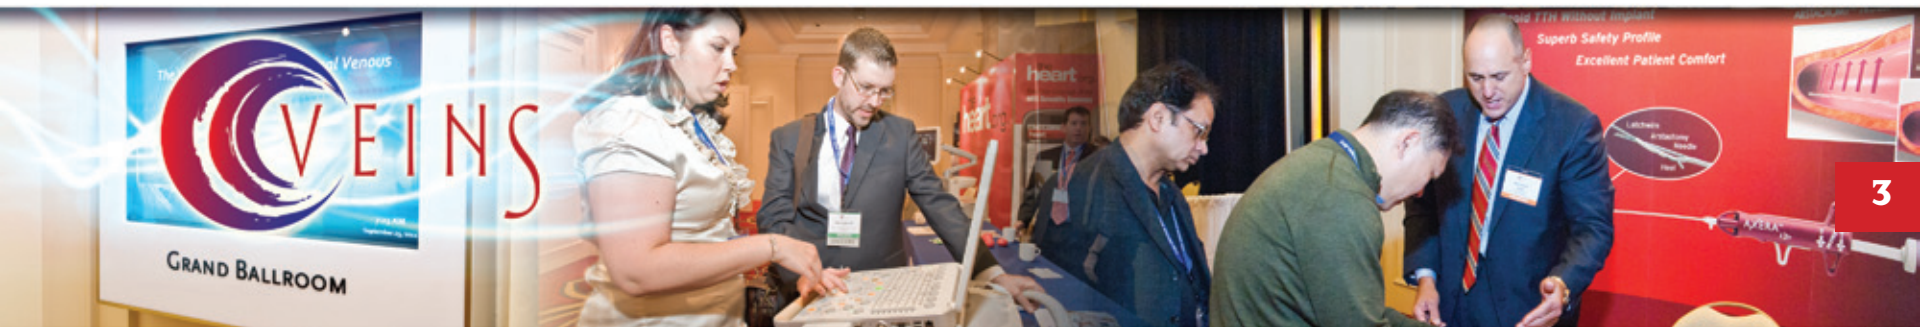

PHILANTHROPIC SUPPORTERS

The following organizations have graciously contributed funds to aid in the success of this program.

A complete list of EXHIBITORS, as well as additional commercial and philanthropic supporters will be listed in the final program. All contributors will be recognized at the event.

2012 PROGRAM AGENDA

Date & Time	Title
Thursday, September 13	
5:00pm-7:00pm	Early Registration
Friday, September 14	
7:00-8:00am	Registration & Breakfast with Exhibitors
8:00am-8:10am	Introduction: The VEINS
8:10am-8:30am	Keynote Address: A Different Look at Varicose Veins: Bad News or Good News?
THE BASICS	
8:30am-8:42am	Venous Anatomy & Physiology
8:42am-8:54am	Examination of the Venous Patient
8:54am-9:06am	Non-Invasive Venous Imaging: CT vs. MRI
9:06am-9:26am	Anticoagulants: What is New in VTE?
9:26am-9:38am	Extrinsic Compression Syndromes
9:38am-9:50am	Congenital Venous Abnormalities
9:50am-10:00am	Q & A
10:00am-10:15am	Curbside Consult* & Refreshment Break with Exhibitors
SPOTLIGHT SESSION: WOMEN'S HEALTH	
10:15am-10:27am	OCP and HRT, The Risk of DVT: What is the Truth?
10:27am-10:39am	VTE Prophylaxis and Treatment in Pregnancy
10:39am-10:51am	Pelvic Congestion Syndrome
10:51am-11:03am	Healthy Legs for Life: Preventing Varicose Veins and CVI
11:03am-11:15am	"This is Serious": A Public Awareness Campaign for Preventing DVT
11:15am-11:25am	Q & A
11:25am-12:45pm	Boxed Lunch in Exhibit Hall or
11:35am-12:35pm	Industry Sponsored Satellite Lunch Symposia (Tentative)
PROPHYLAXIS & MEDICAL MANAGEMENT	
12:45pm-12:57pm	How do I Reconcile the ACCP, AHA, and SVS Guidelines?
12:57pm-1:17pm	Calf Vein Thrombosis, Superficial Vein Thrombosis, and Atypical VTE
1:17pm-1:29pm	Diagnosis and Management of Recurrent VTE: Is There Any Value in Thrombophilia Evaluation? Does It Influence the Duration of Anticoagulation?
1:29pm-1:40pm	Q & A
ACUTE THROMBOEMBOLISM	
1:40pm-1:52pm	What Equipment Do I Need to Perform an Endovenous Procedure?
1:52pm-2:04pm	Cath Lab Management of Acute Deep Venous Thrombosis
2:04pm-2:16pm	Lytic Therapy for Pulmonary Embolus: Systemic and Catheter Based
2:16pm-2:24pm	Device Therapy for Pulmonary Embolism
2:24pm-2:36pm	Post Interventional Therapy: Antiplatelets, Anticoagulation and Surveillance

2012 PROGRAM AGENDA CONTINUED

2:36pm-2:48pm	The Role of Intravascular Ultrasound in Endovascular Procedures
2:48pm-3:00pm	Q&A
3:00pm-3:15pm	Curbside Consult* and Refreshment Break with Exhibitors
CONCURRENT BREAKOUT SESSIONS	
<u>Group A</u>	
3:15pm-4:45pm	Hands-On Access and Non-Invasive Venous Testing for Assessment of Venous Reflux and Superficial Disease
<u>Group B</u>	
Wound Care	
3:15pm-4:45pm	<ol style="list-style-type: none"> 1. An Algorithmic Approach 2. Wound Debridement 3. Skin Substitutes 4. Growth Factors 5. Compression Therapy 6. What is This Wound?
Saturday, September 15	
7:00-8:00am	Breakfast in Exhibit Hall or
7:00-8:00am	Industry Sponsored Satellite Breakfast Symposia (Tentative)
8:00am-8:10am	Introduction: The VEINS
8:10am-8:30am	Keynote Address: Rationale for a Strategy of Thrombus Removal for Patients with Iliofemoral DVT
CHRONIC VENOUS DISEASE EVALUATION	
8:30am-8:42am	Primary Venous Disease vs. Post Thrombotic Syndrome
8:42am-8:54am	Scoring Systems in the Evaluation and Management of Chronic Venous Disease
8:54am-9:06am	Functional Testing of Chronic Venous Disease
9:06am-9:15am	Q & A
9:15am-9:30am	Curbside Consult* and Refreshment Break with Exhibitors
CHRONIC VENOUS DISEASE TREATMENT	
9:30am-9:45am	When and What to Ablate Based on Physical Examination and Non-Invasive Evaluation
9:45am-9:55am	Endoluminal Laser Ablation: Steps and Update on the Literature
9:55am-10:05am	Endoluminal Radiofrequency Ablation: Steps and Update on the Literature
10:05am-10:15am	The Small Saphenous Vein: Differences, Pearls and Precautions
10:15am-10:25am	Ablating Perforators: The Data and The Options
10:25am-10:35am	Treating Large, Ropey, Tortuous Veins
10:35am-10:45am	What are the Options for Spider Veins?
10:45am-10:55pm	Q & A
SPOTLIGHT SESSION: VENOUS CTO'S	
10:55am-11:07am	Iliofemoral CTO's

2012 PROGRAM AGENDA CONTINUED

11:07am-11:19am	Inferior Vena Cava Reconstruction
11:19am-11:31am	Options for Ventral Venous Obstruction
11:31am-11:43am	Hybrid Surgical/Endovascular Management of Deep Venous Obstruction
11:43am-11:50am	Venous CTO's: Panel Discussion
11:50am-12:10pm	Keynote Address: A Journey from Arteries to Veins: The Evolution of an Interventionalist
12:10pm-12:15pm	Q & A
12:15pm-1:35pm	Boxed Lunch in Exhibit Hall or
12:25pm-1:25pm	Industry Sponsored Satellite Lunch Symposia (Tentative)
VASCULAR POTPOURRI	
1:35pm-1:47pm	Refractory Hypertension: Renal Artery Denervation
1:47pm-1:59pm	Interventions for Dialysis Fistulas: Maturation and Salvage
1:59pm-2:11pm	Update in PAD: Iliac and Superficial Femoral Arterial Disease
2:11pm-2:23pm	Combined Arterial and Venous Disease
2:23pm-2:35pm	Treatment of Venous Disease in the Morbidly Obese
2:35pm-2:47pm	Lymphedema
2:47pm-3:00pm	Q & A
CONCURRENT SONOGRAPHER SESSION	
1:35pm-3:00pm	<ol style="list-style-type: none"> 1. Superficial Venous Anatomy and Common Variations 2. Variations of Saphenous Vein Reflux 3. Ultrasound's Role During Venous Ablative Procedures 4. Follow-Up of Venous Ablation with Ultrasound: 5. Is It Needed and What Do We Look At? 6. Live Standing Venous Incompetence Testing (Demonstration of Complete Scan with MD Interpretation) 7. Q & A
3:00pm-3:15pm	Curbside Consult* & Refreshment Break with Exhibitors
CONCURRENT BREAKOUT SESSIONS	
3:15pm-4:45pm	<p>Group B</p> <p>Hands-On Access and Non-Invasive Venous Testing for Assessment of Venous Reflux and Superficial Disease</p>
3:15pm-4:45pm	<p>Group A</p> <p>Wound Care</p> <ol style="list-style-type: none"> 1. An Algorithmic Approach 2. Wound Debridement 3. Skin Substitutes 4. Growth Factors 5. Compression Therapy 6. What is This Wound?

2012 PROGRAM AGENDA CONTINUED

Sunday, September 16	
7:00-8:00am	Breakfast in Exhibit Hall or
7:00-8:00am	Industry Sponsored Satellite Breakfast Symposia (Tentative)
8:00am-8:05am	Introduction: The Christopher Kohlrus Memorial Lecture
8:05am-8:20am	Pulmonary Embolism: A Survivor's Account
SPOTLIGHT SESSION: IVC FILTERS	
8:20am-8:32am	When is Filtration Necessary: Guidelines, Types, and Warnings
8:32am-8:44am	Techniques for Insertion
8:44am-8:56am	IVC Filter Thrombosis
8:56am-9:08am	Complications Associated with IVC Filters
9:08am-9:20am	Retrieval: Techniques and Timing
9:20am-9:30am	Q & A
9:30am-9:45am	Curbside Consult* & Refreshment Break with Exhibitors
GREAT CASES & COMPLICATIONS	
9:45am-10:45am	Great Cases: Case Presentations
10:45am-11:00am	Conclusion & Wrap-Up: The VEINS

*= Opportunity to Meet informally with faculty in Exhibit Hall for topic discussion.

SATELLITE SYMPOSIA (NON-CME):
